

Celebrate Complementary Therapy Week in March!

Complementary Therapy Week takes place from **20 - 25 March 2023**, sponsored by Complementary Health Professionals (CHP) – a multi-disciplinary professional association and one of CNHC's Verifying Organisations. They first launched this event in 2020 and it has now become an annual celebration of our industry. It is not just for their members either, but a celebration for everyone within our profession and a chance to shout about what we all do.

On CHP's website, you can download free resources and information that offers ideas on how you might use this event in your locality to promote your services and let people know that you exist. It is an excellent way to not only have the chance to explain how amazing your therapies are, but also to attract new clients.

Registrant helps to publicise CNHC at the Business Show

CNHC thanks Kerrie Smith, a CNHC registered hypnotherapist, for displaying our leaflets and banner at her stand at the Business Show at the Excel Centre in November 2022.

Kerrie talked to companies and their employees about supporting mental health in the workplace and the importance of standards in complementary healthcare, explaining why they should choose practitioners from CNHC's Accredited Register.

If you are exhibiting or speaking at an event and would like to help spread the word about CNHC's voluntary Accredited Register, you can order leaflets from us free of charge. Email us at info@cnhc.org.uk stating the quantity required, the date you need them by and where to send them. Please allow at least 4 weeks for delivery as we mail out around once a month.
