

Making sure you comply with the law on advertising and the treatment of cancer

As a CNHC registrant, you may be practising therapies which are used by those receiving treatment for cancer. It is therefore imperative that you familiarise yourself with the provisions of the Cancer Act 1939 and take care to ensure that your advertising complies with the law.

Find out more about what the Act says and our guidance for CNHC registrants in the latest article on our website.

Help publicise CNHC's Accredited Register

If you are a CNHC registrant, you can help spread the word about CNHC's Accredited Register by displaying our leaflets.

We produce three leaflets - one aimed at complementary healthcare practitioners, encouraging them to "Stand Up for Standards" by registering with CNHC, a public information leaflet aimed at people looking for a therapist, explaining how they can "Choose with Confidence" by searching our online Accredited Register, and a leaflet about our Code of Conduct Ethics and Performance. You can order them free of charge.
